Head Teacher Message

It has been a very different term like much of the past year however, we have achieved so much despite the very difficult circumstances. The staff have worked so hard both remotely and now back in school together to provide the children with a consistent and supportive approach to their learning.

Our pupils of course are just wonderful, they have adapted so well to being back in school. They are happy and have been working hard and reconnecting. The school feels very vibrant and almost back to normal apart from the safety restrictions still in place.

I would like to thank parents/carers for your support and hope that as restrictions ease slightly you can enjoy some happy family time during the Easter break. St Ninian's is a community to be proud of.
